

Easter Holiday Activities 😊

1. **Create your own spring wordsearch.** Fill in the attached template with hidden words and see if your family can find them all!

2. **Have a go at making some superhero lolly sticks.** All you need is some old lolly sticks, some cardboard or paper and some PVA glue. You could even give them a cowboy hat! Or, if you prefer, you can have a go at animal lolly sticks instead.

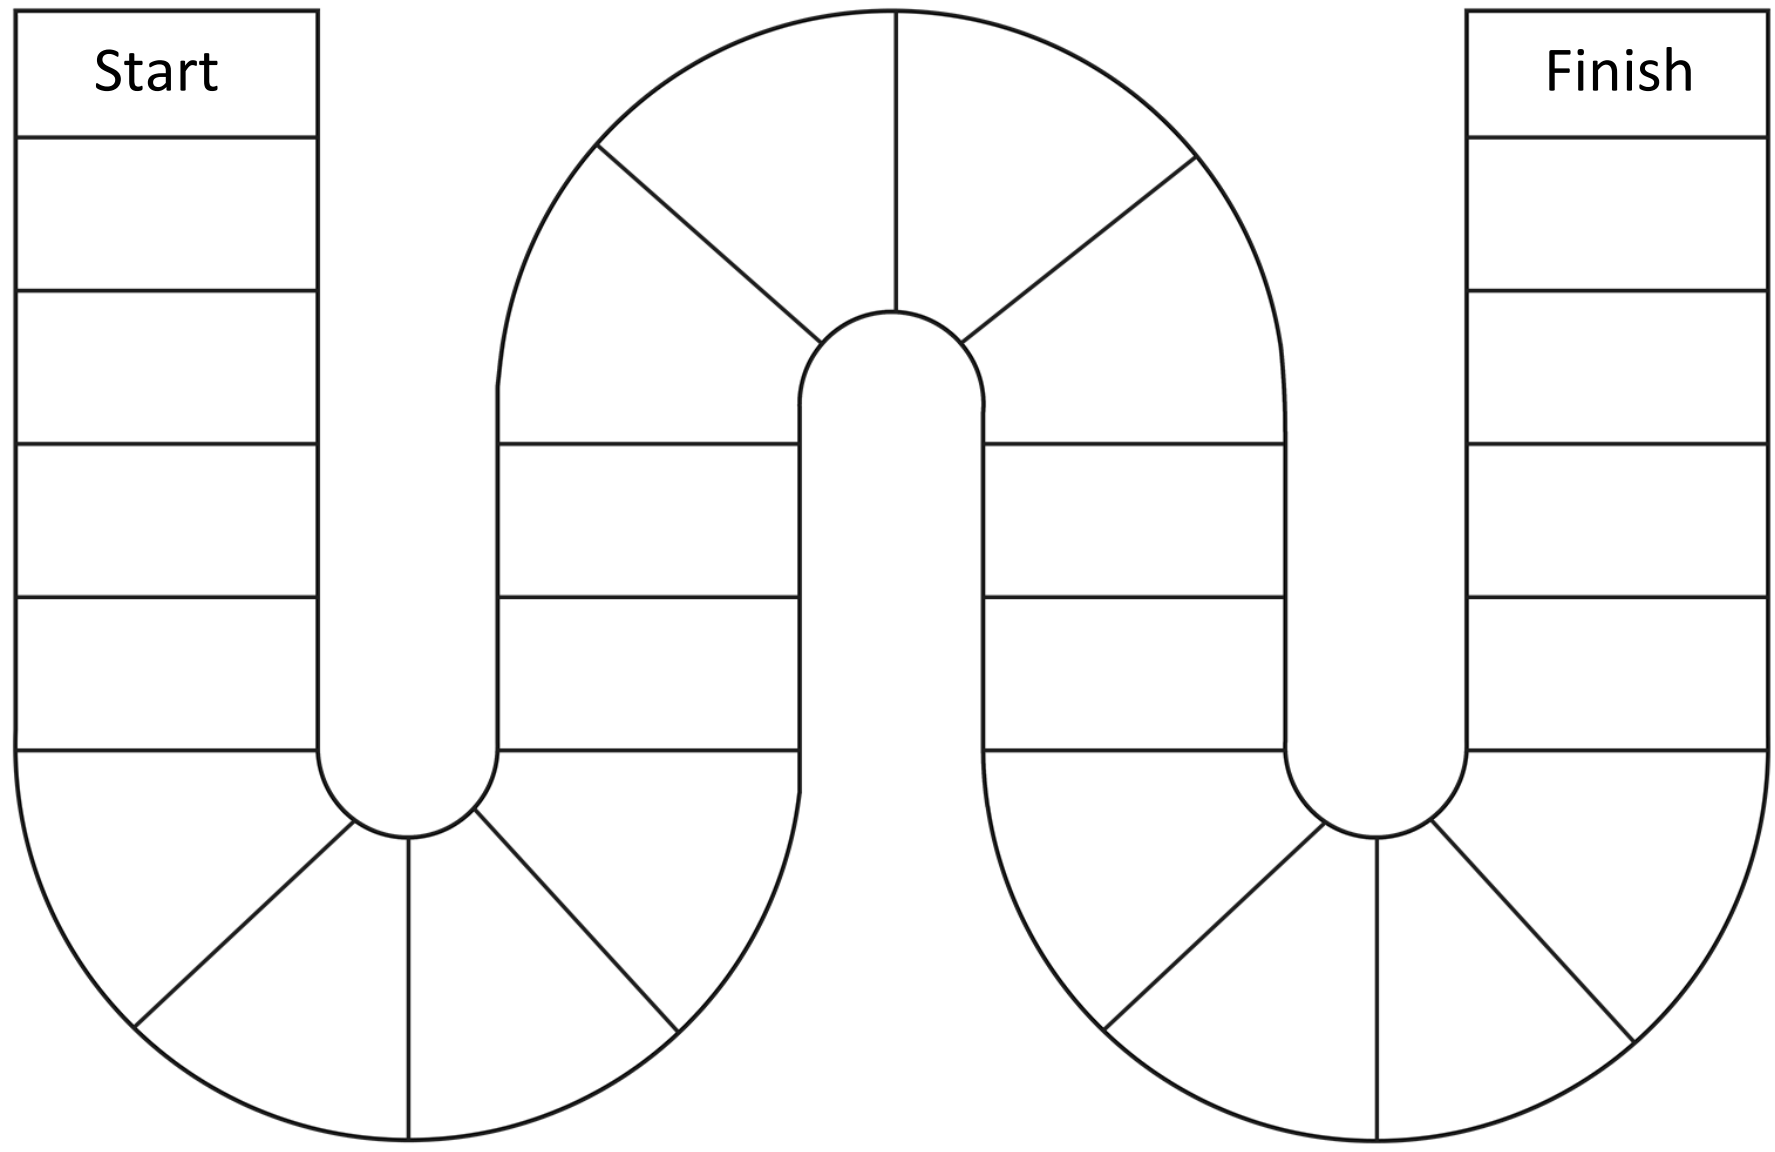

3. **Make animal masks.** Using paper plates, cut out holes for eyes. Hole punch each side of the plate to thread through elastic (or similar). Alternatively you can attach to a wooden spoon or similar and hold the mask instead. Use another plate to make ears etc. Once you've created your masks you could even put on a play!
4. **Go on a scavenger hunt.** Create a tick list of things to look out for. You might want to do a spring tick list (flower, flower bud, blossom, lamb, ladybird, daffodil, green leaf, nest etc) or maybe a mini beast list (snail, slug, woodlouse, worm, crane fly, caterpillar, ant, butterfly, bee or wasp, millipede etc.) See who can find all their items first!
5. **Design your own board game.** Fill in the squares on the attached template to design your own game.

6. **Make cards to post to family and friends.**

7. **Create a spring acrostic:**
